## Gateway to Indian Heritage

An Initiative by Ministry of Textiles, Government of India

Developed and Managed by:

**Digital India Corporation**

Ministry of Electronics & Information Technology

Handloom and Handicrafts are two important aspects of India's rich cultural heritage. Handloom refers to the art of weaving fabric by hand using traditional techniques, while handicraft encompasses a wide range of handmade products, including textiles, pottery, jewellery, leather goods, woodwork and metalwork.

Indiahandmade.com is a unique online marketplace that brings you handcrafted products from India. Our platform is dedicated to promoting and preserving traditional crafts while supporting local weavers, artisans and their communities. The products on Indiahandmade.com is directly sold by artisans and weavers from different parts of India. At Indiahandmade.com, we take pride in our commitment to ethical and sustainable practices.

The products made by artisans and weavers are made from natural and eco-friendly materials whenever possible. By supporting this platform, you contribute to the growth and sustainability of traditional crafts and the communities that rely on them. Indiahandmade.com takes you on a voyage from garments to adornments - creating magical moments to be always evoked. A wide range of products, including clothing, jewellery, home decor and accessories, are available on the portal, which are carefully crafted by skilled artisans and weavers using traditional techniques and materials, creating a unique and authentic piece that celebrates Indian heritage.

At Indiahandmade.com, we take pride in our commitment to ethical and sustainable practices. With a touch of class, we add a slight bling to your elegance. With a vision to become the most trusted and authentic e-commerce store, we promise a long-standing relationship and commitment to innovations and masterful craftsmanship. The portal also has a section dedicated to showcasing the stories of the weavers and artisans and their crafts.
